New Medi-Cal Provider Numbers
for 23 Public Hospitals 1

New Medi-Cal Provider Numbers for 23 Public Hospitals

Starting May 22, 2006 and effective for dates of service on or after July 1, 2005, all physicians and non-physician practitioners billing for inpatient services in the hospitals listed below are required to use a modified provider number in the facility identification field (Box 32) of the *HCFA 1500* claim form.

Background

Senate Bill 1100 (Chapter 560, Statutes of 2005) requires the California Department of Health Services (CDHS) to change the reimbursement methodology for 23 public hospitals. Negotiated rates will be replaced with cost-based, per-diem rates, with Certified Public Expenditures (CPEs) as the basis for the non-federal share of reimbursement. This change covers contract inpatient care rendered to Medi-Cal recipients and uninsured individuals, for dates of service on or after July 1, 2005 through August 31, 2010.

Purpose

To facilitate the capture of costs for services rendered, hospital contract inpatient provider numbers are being modified. The new provider numbers are the same as the current contract provider numbers, except that the last letter "G", "F" or "H" is replaced by "W".
